MANAGING FOR WILDLIFE ON THE FARM

Calling all farmers and agricultural workers!

Did you know the Okanagan is one of the most biologically diverse regions of Canada? It is also one of the most endangered as humans and wildlife compete for limited land.

As a farmer there is a lot you can do to help the Okanagan's species-at-risk. Come on out to a working ranch and learn about species identification, observe real projects that protect species-at-risk and learn how to fund them.

SOUTH OKANAGAN
CONSERVATION FUND

TIME: 9 AM – 12 PM

WHERE:

**THE NATURE TRUST OF
BC'S OKANAGAN
FALLS BIODIVERSITY
RANCH**
